

AquaFed

THE INTERNATIONAL FEDERATION OF
PRIVATE WATER OPERATORS

PRIVATE WATER OPERATORS
PARTNERS IN TOMORROW'S WATER WORLD

Created in 2005, AquaFed represents private operators delivering water and water services in countries throughout the world.

The Federation looks forward to continuing to develop its role as a channel that links private water operators and international stakeholders.

MISSION

- To contribute to creating a better world by sharing private operators' expertise with international organisations, public authorities and civil society
- To be the channel between private water and wastewater service providers and international stakeholders
- To promote the option of private sector participation in water and wastewater management as a solution that public authorities can choose

SHARED VALUES

AquaFed is built on shared values that include:

- Equity and transparency
- Diversity and inclusiveness
- Cooperation and participation
- Quality and reliability
- Accountability and community focus
- Fair competition and trading
- Health and environmental stewardship

AQUAFED IN ACTION

AQUAFED WITH INTERNATIONAL ORGANISATIONS

To connect private water and wastewater operators and international actors.

Accreditations including:

- AquaFed is a NGO in consultative status with the United Nations ECOSOC
- AquaFed is an accredited Partner of UN-Water
- AquaFed is registered in the joint voluntary Transparency Register of the European Parliament and the European Commission

AQUAFED WITH PUBLIC AUTHORITIES

To promote the option of private sector participation in water and sanitation management as a solution that public authorities can choose according to the local context.

AQUAFED WITH THE INTERNATIONAL WATER SECTOR

To seek solutions leading to progress and to share private water operators expertise worldwide.

AquaFed contributes to the international discussion including on:

- The Human Rights to drinking water and sanitation
- Urban water and wastewater
- Sustainable development
- Regulation, governance and transparency
- Water quality
- Climate change

AQUAFED: FACILITATOR AND INFORMATION PROVIDER

To be a source of information for all who are interested in water and wastewater services.

To facilitate efficient and effective collaboration between public authorities, public and private water operators and stakeholders worldwide to encourage the exchange of experience, expertise and knowledge.

GOVERNANCE

AquaFed is a not-for-profit organisation governed by Articles of Association, and a Code of Ethics.

AquaFed is directed by its Members through an Annual General Meeting, where they elect the President and Executive Committee and determine the organisation's objectives and strategies.

AquaFed's President leads the Executive Committee, which is responsible for:

- Developing the Federation's positions
- Overseeing the pursuit of the Federation's objectives
- Administrating the Federation

HOW TO BECOME A MEMBER

AquaFed membership is open to all private companies that are active in public water and/or wastewater service management through contracts, joint-ventures or licenses with public authorities.
